

Manufacturer Declaration

This is to certify that the product identified as ThermaSmart Enev-Q® is free from Antimony Trioxide (ATO) and free from Chlorinated Paraffins, including but not limited to Short-Chain Chlorinated Paraffins (SCCPs), Medium-Chain Chlorinated Paraffins (MCCPs) and Long-Chain Chlorinated Paraffins (LCCPs).

The product does not contain these substances as intentionally added components, additives, processing aids, or impurities.

This declaration is based on information provided by raw-material suppliers and current product formulation data.
